

OGC-Plus Labeling Solutions

SATO cl408e printer

The OGC-Plus labeling solution can print on standard labels of many major Canadian banners. Lighten your daily concerns by labeling prices and avoid costly penalties that can lead to mismanagement.

Always be consistent with in store labeling

- Have the flexibility to choose which information to print on each label
- Print the label format as required
- Choose to print shelf or product labels, according to your needs

Label quickly and easily all your store merchandise

- Print multiple sizes on one roll of labels
- Create shelving labels directly from your portable
- Print a specific number of labels

Print labels to suit your needs

- Choose among several printing criteria
- Choose from several formats (products, shelves, liquidation, etc.)
- Print labels that will ease your management (customers, reservation, etc.)

Simplify your business management

- Accelerate customer services with bar codes labels
- Ensure a good follow-up on special sale orders and reserved products
- Ease the stock order management
