## The New *O<sup>2</sup>pos<sup>TM</sup>* Graphical POS: For Easier and Quicker Transactions

**OGC's new graphical POS will be available this spring for all OGC-Plus users.**

*O<sup>2</sup>pos<sup>TM</sup>* will allow you to **optimize customer service** by simplifying and speeding up transactions. This tool will also contain a wealth of functionalities to improve your customers' point-of-sale experience:

- User-friendly and intuitive interface **that makes employee training easier** ;
- Possibility of displaying promotional messages to **increase sales** ;
- Graphic interface that will **improve your company's image** ;
- Minimal keyboard use that **increases transaction speed** ;
- Possibility of displaying on-screen messages to **standardize service** ;
- Menus that facilitate research and **improve access to information**.

"With *O<sup>2</sup>pos<sup>TM</sup>*, OGC has responded yet again to new market demands by providing solutions based on best industry practices. This is yet another way for us to fulfill our mission to help our customers improve their competitiveness through innovative and added-value management solutions," explained Patrick Du Paul, Executive Vice-President of OGC.

**Discover the benefits of the new *O<sup>2</sup>pos<sup>TM</sup>* by visiting our Web site [www.ogcinc.ca](http://www.ogcinc.ca) or by contacting your representative at 1.888.642.7587.**

### Customer Satisfaction Survey—Thanks for Participating!

Thanks to all those who shared their comments and suggestions with us. The survey results will help us focus on the improvements we need to make to serve you better.

Congratulations to Mr. Steve Amirault from Rona Levesque in Cowansville, who is the lucky winner of a block of training worth \$440.

### It's almost time to install your seasonal POS...

Remember that you should always test your equipment a few weeks in advance to avoid line-ups on busy days. To ensure that a technician will be readily available should you require help, please advise us a few days in advance of your installation. And don't forget—you need to make sure that you connect your equipment to the right POS.

## 2009 Budget 100% Deduction for Computer Equipment Purchases

The 2009 budget contains important measures to spur the long-term rebound of the Canadian economy. A temporary capital cost allowance (CCA) of 100% can now be applied to computers purchased after January 27, 2009 and before February 1, 2011.<sup>1</sup>

Companies can then amortize these expenses in a single year, and these savings will help them acquire new technology to make them more competitive in the long term.

For more information, consult Canada's Economic Action Plan by [clicking here](#).
